## THE STREET LIVES!

NOWADAYS its called Streetstyle. We just allways called it streetskating. either way its RAD AND ON THE RISE. there are a lot of New SHRODDERS uptown these days. Kresge Bench is the current Hot spot. But I would like to see more varied Locations. Just skating one place all the time gets Boring As Hell to me. I mean 2 Hours worth of street inverts on a Bench is just too Redundent. Do one then go somewhere else. Also when was the last time you went Downhillin'?

Now there's excitement! going Downhill at an eye watering speed then pulling off 60 Foot Laybacks at the Bottom. BERT DRIFTERS, 360° Reverts, AND 2 wheel splicers. there has been a couple of street JAMS this year that were just killer. But what we really need is a Loading Dock Contest.

Loading Docks are Haight Terrain. think about it and organize one. If you haven't got to skate the new BANK OFF S.S.R. then check it out. Its totally RAD.

The current street deck is about 29"x9" a very functional size and shape but your editor finds satisfaction on something about 6 1/2"x40" Dont laugh till you try it. You might get Dugged out. SANTA CRUZ SLIMEBALLS are the Hot street wheel. Check em out in 92A and 97A. But if you really DARE put on a set of Freestyle Bones (97A) AND BLAZE uncontrollably. Oh Yea! USE this coupon as soon as possible. Call 434-0140 for the latest in inventory or to place an order. SPECIAL ORDERS require 25% deposit. Well later, untill next week.
